With 4 players playing up a level, a difficult schedule, and a few players/parents not understanding this type of commitment we were very happy with our 29-9 record! Events included the National Club Championship in Indy, Showdown in the South (Nashville); Adidas May Classic in Bloomington, Memorial Day Wildcat Open in Lexington, Kentucky Hoopsfest and Vegas of the Midwest. Team finished with 3 tournament titles and finishing second twice. We look forward to building around Alphonso and Jalen next year for another successful season

New experience for many of the kids as they have previous played same age groups the past few years, as adjustments had to be made to field a team at this age group. New roles were given to many of the players, as well as a different style of play for many. Team progressed much better as the year went on but early season losses mounted and therefore resulted in a 14-17 record. Not all was lost as team finish 2<sup>nd</sup> in Bronze division of AMC Classic; Governor's Cup in Nashville and reached semi finals of a highly competitive tournament (Memorial Day Wildcat Open in Lexington). We are hoping to move kids back to their own age groups next year and continue to play some of the top events in the Midwest. New roster spots will be available as we hope to adjust our High School program back to 3 teams next year

Team surprised a lot of people with their 18-14 record! Coaches continued to make in season adjustments to best suit the team. Lack of size really hurt them in most of the year but they continued to battle thru that. Kids got much better and really improved their skill sets. Evidence of that came in June when most were ask to play with the varsity teams in Summer Shootouts. Events for this team included trips to: Reebok Challenge in St. Louis, Battle of the Borders in Louisville, Bloomington Shootout, National Club Challenge in Indianapolis, Corey Brewer Invite in Nashville, Crossover Classic at Hoops in Louisville, Memorial Day Wildcat Open in Lexington and Midwest Youth Nationals in Louisville. We'll look forward to some of these kids making their varsity teams as freshman next year.

Great group of kids that played a really tough schedule that just could not get over the hump! A 24-13 record with at least 20 games decided by a few points made for a great year. Team realized that last year's success does not always carry over to the next year at the tournament level we play in. Other teams' continue to get bigger, more aggressive and therefore makes it much tougher from year to year to continue the success. Team must learn to value each possession both offensively and defensively. We look forward to seeing many of the same kids returning but also know that a few new faces will be added as they continue to get older and the commitment becomes even more important

Best team in the program for 2010. With a 40-12 record, winning the Adidas May Classic Jr. in Indianapolis, The Reebok Challenge in St. Louis and a second place finish in the USSSA Nationals in Ft. Wayne made for an outstanding year. 8 of their 12 loses came from playing up a division. We look forward to

seeing if they can continue their success next year. A few changes will have to take place in order for this to happen but are excited to watch the core of this team remain, hopefully a few new additions and another successful year to follow
