Coach: Robby Jones

Coach Jones had a great year for this first year team. 33-8, 4 Titles include MYT nationals. Girls have greatly improved since the beginning and will surely shine in

their respective school games. While each year will continue to get harder and harder, they are in great hands with Coach Jones and the training staff at EBA. A few spots will likely open up for this team, so if you're interested in retaining your spot or earning a spot for 2016, you better start really working hard as the spots on this team will truly be earned not just given (as most programs do)

Coaches: DJ Ragland and Chris Lamberson

Another impressive job from the girls and Coach Ragland! 36-6 with a couple titles despite being hit by injury bug and some lack of commitment in June. Don't be surprised to see several of these young ladies make a strong impact in their first year of HS ball. We will be looking to make a few changes with some players and a coaching change as we prepare them for the tougher demands of the high school travel schedule

Coach Jesse Oxley

Coach Oxley always does a fine job of working to expand the players fundamentals and teach a fast pace to help prepare them for the high school level. This year team

was a combination of 7th/8th graders that always played up in the 8th grade division, which made things more difficult early on. They finished the year by playing their best ball and placing 2nd at the MYT Nationals in Louisville. Next year we will be going back to a 8th grade only team and the 3 high school teams.

Coach: Michael Owen and Kristi Applebey

Great group of girls refused to let a bump in the road keep them from getting better throughout the year. Fighting thru some adversity sure paid off as they reach the final game of the Adidas National Tournament in Atlanta! Finishing the year 21-12 with a tough schedule was a great start to their HS travel careers. While we know there will be some personal changes, the core of this team is in great shape to continue to better themselves over the next few years. Several of the girls will have huge impacts for their HS teams over the next few years because of the experience they had this past season

Coach: Johnnie Bartley

Coach Bartley had 4 new faces this past year and started out with a bang by winning the NCC title in Indy. Finishing the year 19-13, adding a second title and playing in 5 NCAA certified events really added exposure to the girls. Kaylie Stowe was a workhorse in July as she played 95% of every game as injuries at the guard spot really caused some issues. We will be looking to fill a few spots on this team as they prepare for their final year of travel ball

Coach: Phil Kessler

In their final year with the program, it was great to see them really enjoy their journey without losing focus on why they sacrificed all those long weekends to improve, gain attention of college coaches and prepare to lead their HS teams one last time before playing in college. We added 4 new players to this year's team and glad we did. Depth, versatility and strong outside shooting keep them competitive in all their contest. We look forward to watching them in their final year of HS ball as well as follow them into the college careers
