With a very impressive 23-1 record and winning 4 of the 5 events in which they played, this team had one of the best years in the history of the program. Winning the National Club Championships in Indy, the Adidas Golden Dome Invite in South Bend, and the Midwest Youth National Tournament in Louisville provided these youngsters a chance to see what big time basketball is all about. Although this team started a bit late and did not play as many games as most teams do, they had an outstanding year and the future looks very bright for them. They finished this years as the programs #1 ranked team. Despite their success, we expect to see several spots available for next year, as the commitment and more events will increase! If you're interested in playing with this team you better start working hard on your skills now.

Although the majority of this team had played together for few very successful years prior to joining us, they quickly found out that playing up at this level is an entirely different type of basketball. They finished with a solid 32-17 record and won 2 titles at the Music City Shootout in Nashville and a Mid America Youth Basketball Event in July. They also participated in some of the best events in the Midwest: Battle of the Boards in Louisville, National Club Championship in Indy, Adidas May Classic Jr., and the Adidas Golden Dome Invite in South Bend. Except, this team to see some personal changes and be even more competitive in the years to come.

With a very undersized team, a late start to the year, and a highly competitive schedule an 18-12 record with 2 tournament titles made this team one of the biggest surprises to the program. Winning at the Music City Shootout in Nashville and the Silver Division at the Adidas Golden Dome Invite proved to this young team that they belonged on the big stage. Additional road trips included Grassroots State Championships in Louisville, the Greater Midwest Classic in St. Louis, Adidas May Classic Jr., and the Midwest Youth Nationals in Louisville. This team came a long way together from the start of the year and hope to see several of the boys back next year. With a few new faces and the commitment to keep working hard in practices, the core of this group can look forward to another strong year

**Another successful year for last year's best team in the program!**  
**With a 36-9 record and an extreme tough schedule which include defending their title at the Battle of the Boards in Louisville, Cincy Knights Invite (Won Title), National Club Championships in Indy, Greater Midwest Classic in St. Louis (2<sup>nd</sup> Place), Adidas May Classic in Bloomington (Semis), Chicago Shootout (Semis), Adidas Golden Dome Invite (Semis), MYT Nationals in Louisville (2<sup>nd</sup> Place), and high prestigious Adidas National INVITE ONLY It Takes 5 Classic in Cincinnati (2<sup>nd</sup> Place). As this group continues to get older the teams they face continue to get tougher and the more success we have, the more other teams try and recruit our players, but why would you leave one of the best teams in the Midwest to play on a weaker team? **Some of our players have already received letters of interest from college coaches!!****

Although they started out a bit slow, this teams came on very strong at the end of the year and finished with a 4 Final Four Appearance in the Gold Division at the Hoosier Shootout, a 2<sup>nd</sup> place finish in the Silver division at the Kentucky Hoopsfest, and an overall record of 31-11 record. They also won 3 titles at Hoops in Louisville, MAYB event in which they played in the Open High School Division, and Music City Shootout in Nashville. We'd expect that there will be a few changes to this team and they will continue to be one of the top teams in the program as they complete their high school careers

Forget about their overall record of 3-19, this team was never put together and expected to win a bunch of games. They were put together to give them an opportunity to play at a higher level than school ball, improve their skill sets, and try again compete against some of the top players in the country. Coach Murphy & Whitehead put them in great position to win many of their games, taught them how to expand their games, and most importantly how to compete by playing hard the entire game. The feature of this team is a bit uncertain but it is for sure that many players from this team will be much better prepared to compete for their high school teams next year

**Starting the year off with a 9-2 record and winning at the National Club Championship in INDY was the highlight. Ending the year on a 3-9 streak really summed up what happened this year for this team. Commitment early and some players not owning up to their commitment later, really cost this team a very successful year. Events included the Cincy Knights Invite, Orange Attack at Hoops, Adidas May Classic, Hoosier Shootout, Kentucky Hoopsfest, and a pair of MAYB events playing in the open division**
