

2011 Review of Boys Indiana S.W.I.S.H./ Indiana Elite Teams

The 2011 Boys Program finished with an impressive 104-53 record and won 6 Tournament Titles. They also helped secure our **Second National Club Championship** give to the program with the most trophy points at the National Club Challenge Tournament in Indianapolis!

For the year, the overall program finished 275-114 with 29 Titles which brings the overall record to 1766 – 850 (.675%), 153 Tournament Titles and 74 former players at the next level over the past 9 year.

Each year the program draws better players from around the tri-state and continues to strive to make each one of them better by individual skill work, more advanced team play as well as playing with & against the top talent. When teams find success they find themselves playing up a division instead of just feeding on easier opponents and not pushing them to become better

All interested players are encouraged to contact us as we structure each year's team by interest, talent levels, and commitments. Contact us at swish@ebahoop.com or return the player profile found on the swish page.

Hope to see everyone on the court soon

Completing their first year of travel ball a 21-9 record winning the Adidas Gateway classic was a great start! Without a doubt they got better, realized that they have a lot of work still to do and have seen a number of them in they gym daily getting ready for next year. Look for them to continue to get better each and every year as area players realize that this team will be one that everyone wants to play with for years to come

Going 26-5, winning events at USBA in Nashville, National Club Championships and 2nd place finishes at Adidas Gateway Classic, Tournament of Champions, and Midwest Youth Tournament Nationals proved to be another strong effort from this group, now having completed their 3rd year. Almost every weekend a different player stepped up each week and led the way. We anticipate seeing some new players next year as the commitment level goes up another notch as they will prepare to begin their high school careers next fall.

Coach Bryan Sanford

This team just gets better year after year. 31-12 winning Speice Wolverine Invite and seconds at National Club Challenge, Adidas May Classic Jr., and Cardinal Classis at U of Louisville. While it gets harder and harder each year from here on out, we feel with a few changes towards next years team we will see continued success. Team will play in some July NCAA exposure events and therefore commitment levels will be utmost important

Coach Jeff Wilkerson

Going into this year, we realized that because we had a few older players and would be playing up that we would take some defeats and with 8 players having no travel ball experience the learning curve could be steep but one we felt would benefit everyone in the long run. They finished 8-16 but did have an outstanding weekend at the Speice Wolverine Invite and a solid showing at the Adidas Invite in July. We would like to make a few adjustments and continue to work with the core of this group to help better themselves in high school and hopefully beyond.

Coach: Jesse Watkins

Another fine job of coaching by Coach Watkins enabled this group to go 18-11 playing a loaded schedule. They won the Governor's Cup in Murfreesboro, TN and placed second at the National Club Challenge. A solid July at Adidas Invite and Summer Classic, some interest for college coaches about a few players, and great improvement on how to compete against some of the top players in the country made for another successful year. Hopefully everyone can continue to build on what they gained this past spring/summer in turn in strong performance during their final high school season.
