

Indiana Elite Girls

The 2012 Season was another great success for the girls program. They completed the year with a record of 200 – 108 while winning great events as the Adidas's Spring National Hardwood Championships, Adidas Memorial Day Invite, Adidas's Tip Off Classis in July, Midwest Youth Tournaments National Championships and help secure our 5th National Club Challenge Championship.

Overall the program finished with 286-169 with 20 more titles. The program also won its 2000th game this past year and is quickly approaching its 100th player at the next level! Girls program continues to be one of top programs in the entire Midwest and has proven over the past few years that it can win national events each year!

Each year the program draws better players from the around the tri-state and continues to strive to make each one of them better thru individual skill work, more advanced team concepts as well as playing with and against the top talent. When teams find success they find themselves playing up a division instead of just feeding on easier opponents and not pushing them to become better.

All interested players are encouraged to contact us as we structure next year's team by interest, talent levels, and commitments. Contact us at swish@ebahoops.com or return the player profile found on the swish page.

Hope to see everyone on the court soon

This first year team struggled to live up to the other teams in the programs level but was to be expected. Coaching changes mid stream did not help either. With so many out of town players, consistent practices were a bit of an issue as well. I also made the mistake of not scheduling them as a first year team either. Despite their 9-24 record, we were pleased to see them battle at every event and get a win at USBA in Franklin, TN. They were much better than their record indicated and everyone really improved along the way. We are already lining up some changes for next year and know we will be in great shape going forward with this age group.

Great year for this first year team! A record of 28-9, winning tournaments at National Club Challenge, USBA, Gym Rats, and had a great showing at the SE Challenge that featured some of the nations “best 6th (older) grade teams”! Girls worked hard, learned how to compete at a much higher level and really matured as basketball players along the way! We will have to make a few changes for next year as commitment becomes even more important as they get older but know this team will be a force for years to come

32 Chloe Bartley	Wood Memorial
34 Kaylie Stowe	Castle
44 Carlie Nussmeier	Memorial
Coaches: Jerry Maggard, Michael Owen, Brant Johnson	

This team has come along way over the past few years. Coach Maggard promised they would win the MYT Nationals this year and made good on that promise. While their 30-13 record and 4 tournament titles were a great year, not everything went as smoothly as one might have hoped. The girls did a great job of staying focused on basketball and it paid off. While Coach Maggard has “retired” and sure we will see some personal changes, this team will in great shape to expand on this past year’s success. Everyone better continue to work on their games as tryouts for next year will be even fiercer.

First year for every girl to play travel ball at this level and was very pleased to see them finish up 17-20. They played a stronger schedule than their talent level and did very well. 2nd place finishes at USBA in Franklin, TN, Gym Rats event in Florence, KY and in 7th/8th grade league all were good showings. Team faced a number of issues with injuries, lack of officials at some games, and just continued to battle the best they could. Team was strong defensively and sometimes simply struggled to score against zone defenses. We know the time and energy spend by these girls will greatly benefit them next year during school ball. It has not been determined what direction we will be going with this group for next year.

Coaches: Nick Reaves

With a 26-14 record most coaches would be happy but not Coach Reaves. He has always felt that this team was one possession or defensive stop away from winning another game! They did lose a number of one possession games and rarely took a ten point lose. We know the most all the players really improved during the course of the year as they really shined in June when they went back and joined their future high schools at team camps and were able to handle the speed and strength of the girls that were 2 and 3 years older because of the level of events in which they played! While Coach Reaves has moved to Florida, we know the core of this team will stay intact and have great coaching as they enter into high school and prepare for the ever important exposure circuit over the next 3 years

Coach Keith Piersawl

Another fine job from Coach Piersawl and 21-11 record to show for it. Winning the National Club Challenge and second place finishes at Bluegrass open, Cardinal Classic, and 3rd place at Adidas Tip Off Classic showed. Team showed signs of being REALLY good but inability to have consistent effort at both ends of the floor hurt as well as an ACL injury and being able to get everyone at practices also kept them a step away from being what they can be. July exposure events were solid and a number of them generated lots of interest amongst college coaches. There were even a few offers made to players already! We already have a few strong players lined up for next year and know they will only get better as we continue!

Coach Ed Saiko

Another fantastic year for this group and Coach Saiko, while playing shorthanded in almost every event, they went 35-8 winning the Bluegrass Open, Adidas Memorial Day Invite and Adidas Tip Off Classis to start the July Exposure event. They always are playing older girls but you would never tell they way they compete with their fast paced high energy style! Every one of them have generated interested from a wide range of schools and several have multiply offers already. Expect this team to be even tougher next year with the depth that will be added. We look forward to watch this group dominate at their respective high schools for the next several years and beyond!

Coach: Phil Kessler Kevin Godbold

What a wonderful journey this team has made the past few years ended with a 33-9 record and their 3rd Adidas National Title! Team battle losing Vicki to another ACL injury, missed key players at 3 events (which accounted for 6 of the losses) and played some of the nations best teams! In the ten years of our program this team has to be considered one of the top 2 teams ever! Girls accepted new and different rolls at each event, picked up their games when others were not able to and never showed any panic in tight games! Interest for colleges is incredible and the phone rings almost daily for someone on the team! This will continue to each one of them pick where to play at the next level! Do yourself a favor and go watch them in person and see just how talented each one of them truly is.
