

2014 Year in Review

2014 was the best year to date for the program in terms of overall wins, player improvement, and success at every event from every time. The overall record for 2014 was 312-146 with 19 tournament titles including another overall National Club Championship, 2- US Jr. National Events, our 8th MTY National Championship and 4-0 record at the Joey Simmons Shoe Sponsorship showcase (Best teams from Nike, Adidas, and Under Armour). 5th grade boys led the way with 4 titles while 11th grade girls finished 3 plus 2 - final four appearances at both spring and summer Adidas Nationals while playing the in the top earn your stripes divisions. 2015 is right around the corner and the future looks promising for another outstanding year for the Indiana Elite – S.W.I.S.H. program

All interested players are encouraged to contact us as we structure next year's team by interest, talent levels, and commitments. Contact us at swish@ebahoops.com or return the player profile found on the swish page.

Hope to see everyone on the court soon

While most teams would cherish a 31-10 record with 3 titles, (2 US Jr. National events and final four appearances in both the Spring and Summer Adidas National Championships) this group could never sustain that highest level of play from event to event because of injuries, complete commitment from a few and the grind of 40+ games. With a returning core of 4 players, we added 2 sets of players from other teams within the program and two more that had little tournament exposure experience the year was a strong showing considering the high level of events in which we attended. 3 US Jr. National Events, 2 Adidas National Championships & Memorial Day Showcase, Inside Exposure's Summer Slam, and Joey Simmon's best of best featuring the top sponsored teams from Nike, Adidas & Under Armour.

While some view success in wins and losses, I gauge it based on individual improvement and there some ample of that from all of the girls. I'd say it's a real safe bet that every one of them has the opportunity to play at the next level given the improvement they all made this past year. Jackie Young, Zuri Sanders, Marley Miller, and Tori Schickel all made at least one All Tournament Teams along the way and Young and Sanders earned spots in the Adidas All American Camp at the end of the summer

Coach Dearing's 10th grade Team

A strong start to the year with a title at the NCC and a 2nd place in their division at the Spring Adidas Nationals was quickly followed by a few players quitting (they could not accept the roles at this level of play) and an adjustment period to redefine the depth and style of play. They finished up the spring with a solid semifinal appearance at the Adidas Memorial Day Showcase. The first July event was a struggle as most of them overcommitted to their HS in late June and did not allow for enough court time for the more important July viewing periods. They rebounded strongly after that first event, finishing up the year on a 10-3 run to finish the year with a 26-15 record. **Karlee Ziliak, Zion Sanders, Kadie Dearing, Mikayla Gilbert and Alexis Nall all made All Tournament Teams along the way everyone had some outstanding games along the way.**

Coach Dearing did a great job of improving this group's defensive knowledge and execution. We look forward to adding 3-4 new faces to this team next year, as they attempt to achieve the national recognition our top team has received the previous 4 years! Those are big shoes to fill and only hard work and commitments will get them there.

Coach Bartley's 9th grade Team

Coach Bartley did a nice job with this group that had 5 new faces that had not experience this level of play before. While they mastered getting to the finals (5 of their 8 events) they failed to be able to win that last game. They were a lot of fun to watch with the fast style of play and caused most teams difficulty with the defensive pressure they applied. With a 24-13 record and a full year under their belt, and 3 or 4 new faces that will completely commit we'd be surprised if they don't find even greater success in 2015.

I really look forward to watching this group play in their upcoming seasons (so long as the coaches don't try to handcuff their every move) as they should be able to make enormous strides over what they displayed as freshman last year

Normally we only do 3 high school teams but with the depth at this past year's tryouts, we felt really good about adding this 4th team and quickly realized what a wonderful group of hardworking kids we had! With 6 players having never played this level of travel ball before, a completely new team and a bunch of conflicts for them to manage a .500 record was impressive. They played in both the Spring and Summer Adidas Nationals along with the Under Armour Nationals, US Jr, Nationals in Indy and 4 other regional events. They continued to improve each and every weekend with Coach Owens ability to adjust to the girl's strengths. We look forward to having the returning girls back as well as opportunities for the class of 2015 to extend their playing careers at the next level after a successful senior year's from the improvement of the 36 games they played the past spring/summer

The defending MYT National Champions started of the year right where they left off with back to back titles. While the middle part of the spring was meeting with injuries and depleted bench, they still managed a 26-8 record and another title at the Cardinal Classic over Memorial Day Weekend. They extended their season in July with an appearance at US Jr. Nationals in Indy for a taste of what the High School level exposure events will be like in the coming years. Things will become more difficult and less flexible for this group as the focus will shift to more exposure events and an even higher level of play the next few years. We look forward to seeing most all these girls getting lots of minutes at the varsity level as freshmen! They will need to continue to work hard to improve their skills to continue to play on future teams and better their chances at them.

Wow did this team improve over the course of the year! After an 8-4 start they finished 37-13 with 3 titles including the programs 8th MYT National Title. The other titles were in Franklin, TN and Cincinnati, OH to go along with 3 2nd place finishes. Coach Ragland did an outstanding job of teaching and getting them to buy into the importance of defense! In only their 2nd year playing travel ball this group has come a long way and will keep the future bright for the Indiana Elite-SWISH program! While they are another year away from high school I know many could help out most area HS teams today! We look forward to building on their success and with a health roster and an adjustment or two will be one of the top teams in the program for years to come!

This first year team learned right from the first tournament that this is not school ball anymore but learned to adjust and finished the year with a 22-13 record and a Title at the A-Game in Franklin, TN. More importantly they greatly improved under first year Coach Oxley, who really did an outstanding job of teaching them the importance of playing hard, smart and together. They girls loved her even when she was getting on them for whatever reason. They will only improve from here, as the talent pool to pick from grows from year to year and some girls decide to focus one sport instead of attempting to juggle several travel teams! We look forward to having Coach Oxley back and maturity of this group grow over the coming years
